Dear Nat'l Highway Traffic:

JAN 28 2015

We just bought a Chevy Blazer '97.

It has an electrical problem. We al-  
ways have to charge the battery also  
the clock light stays on. Does this  
have anything to do with the battery  
Would like to have this info soon.

Also can you send a driver's edu.  
for 2 of my homeschoolers. This  
will help these to pass that driver's  
test.

Thank You so very much! Hope you  
have a great 365. Happy "2015"

Sincerely,

NAM
