Sir/Madam:

Vin # 2A4RR8DG8BR [REDACTED]
Dealer: Vero Beach Chrysler/Jeep

I have received several Notices regarding the rear quarter vent window switch.

According to the Dealer, these parts have been on order for a long time, but they are NOT receiving same or, if they are, they are only repairing vehicles of their customers who buy regularly from them.

As summer is coming, I would like to know when these parts will be available and, more importantly, when they will be installed.
