Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Received Recall months ago, have contacted dealer several times and continually told part is not available from Chrysler. This recall part can also cause air bag to deploy. Ignition key continually clicks so afraid might fail anytime. Dealer told me to call Chrysler Customer Service 800-992-1997. Have tried to contact customer service several times with no answer. 4-17-15. Finally able to chat on line with Representative but got same answer - they are trying to manufacture parts ASAP.
