Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I called because I got a recall ^{safety} notice. When I called the dealership about getting it fixed, I was told they did not have the parts to fix it & there were about 2000 calls besides mine. If Chrysler knows it has a safety issue, sends out recall notices to its customers, it should send the dealerships the parts to fix the problem. Never had this problem with Ford products.
