To Whom It may concern:

We have been waiting almost  
a year to replace our  
rear quarter vent window  
switch on our 2013

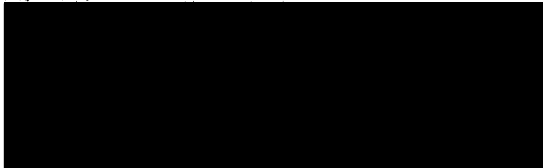

Chrysler Town & Country van.  
We've been on a  
waiting list, then it was  
backordered but still  
no results.

We were thinking of  
buying a new car next  
year, but we may have  
to rethink buying a  
Chrysler product with  
this type of service.
