The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.			

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I have a 2014 Dodge RAM Diesel 2500 Truck. From a ~~standing~~ stopped position AND you depress the Accelerator pedal All the way to the Floor And let off All the way AND then depress the Accelerator pedal to the Floor Again the truck seems to bog down AND it takes About Five seconds for the truck to begin to move At the Speed to get truck moving. This has caused me to All most have two different Accidents. When you need for your truck to move you need it to move, not take Five seconds to do what you need it to do.
This is dangerous!!! ATTACH ADDITIONAL SHEETS IF NECESSARY
