Product Details

Product Description: This USB charger is 4" long. It's white. There are two places to plug in a USB wire. It says "sedgwick" on one side and "stay connected to a world of resources" on the other. It is an item that was handed out at a conference and sedwick was using it as advertising/promotional item etc. There is a sticker on it that says:USB car charger, Input 12-24 V, Output 5V, DC 2.1A max. There are little pictures too: a square within a square, a house with an arrow pointing in, a no garbage can picture, and C, and E, and ROHS. There is a little red light near the USB ports as well.
