Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Recall for P25/NHTSA 14V-234 Rear Quarter Vent Window Switch. I took it to the dealership in August 2014 they disconnected it but did not replace it. I have been waiting almost a year and they still have not replaced the switch. I have called the dealership multiple times along w/ Chrysler customer service with no avail to get this part fixed. I am writing a formal complaint because the dealer has failed or is unable to remedy this defect within a reasonable time and I am not sure if Chrysler is making any effort to resolve this issue.
