ON A COOL RAINY EVENING IN OCONOMOWOC, WI, THE INSIDE OF THE WINDSHIELD BECAME COVERED WITH FILM THAT COULD NOT BE WIPE OFF WITH A CLOTH, A SQUEEGEE, OR A BLACKBOARD ERASER. VISIBILITY WAS MARGINAL ON A DARK ROAD, BUT WHEN FACING ONCOMING HEADLIGHTS, THE WINDSHIELD LIT UP AND COMPLETELY LOST ITS TRANSPARENCY. MULTIPLE TIMES, CRASHES WERE BARELY AVOIDED BY DEAD RECKONING OF THE CONTINUATION OF THE LANE LOCUS. SINCE THAT TIME WE HAVE PURCHASED RAINX COMPOUND FOR CLEANING INSIDE OF WINDSHIELD AND USED IT MULTIPLE TIMES, WITH SOME POSITIVE RESULTS, BUT STILL HAVE REMAINING STREAKS. EVENT MAY HAVE BEEN AGGRAVATED BY ENVIRONMENTAL CONDITIONS. DEFROSTER, EVEN WITH HIGH HEAT, COULD NOT ELIMINATE THE WINDSHIELD PROBLEM AT THE TIME.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice. ATTACH ADDITIONAL SHEETS IF NECESSARY

The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Dear Consumer:

NVS-216rr

As a follow-up to your report to the Vehicle Safety Hotline (VSH), we have recorded your information on the enclosed Vehicle Owner's Questionnaire (VOQ) form. Please review the form and make changes, additions and corrections as necessary. Additionally, please provide a more detailed description of the failures(s) you reported that you believe relevant to safety. Also, if available, include copies of repair invoices, letters to the manufacturer, or any other document related to the problem(s) you reported. If a crash or fire occurred, include a copy of the police or fire department report.

It is helpful to be as thorough as possible in your report so that our ability to use your report will be maximized. If you do not have the information, it is not necessary to complete all the boxes. However, it is very difficult to identify the scope of a vehicle problem unless the vehicle identification number (VIN) is known. The VIN is located inside the vehicle on the dashboard adjacent to the left (driver's side) of the windshield pillar and on the drivers' door or the driver's door jam. It may also be listed on a dealer repair invoice or your insurance or registration cards. When reporting a tire problem, the brand name, tire line and complete tire size should be included. Be certain to provide the DOT tire identification number. It is usually located near the rim flange of the tire on either side of the tire.

We do not make your personal information (name, address, phone numbers, etc.) available to the general public. However, if we open an investigation that involves your vehicle, we will provide the manufacturer of your vehicle with a complete copy of your report. The information you provide may assist the manufacturer and NHTSA in determining if a safety-related defect exists.

Any information provided is entirely voluntary. There is no consequence or penalty of any kind if you do not wish to provide it. We seek this information to develop both statistical and investigative evidence that will help identify potential safety related problems in vehicles or vehicle equipment, e.g., tires, child safety seats, jacks, etc.

When completed, please fold and staple or tape the form so that the pre-addressed portion of the form is on the outside. If a larger envelope is used, tape the VOQ form to the larger envelope so that the pre-addressed portion of the form is showing.

If further assistance is needed, please contact the VSH at their toll-free number, 1-888-327-4236.

Thank you for your cooperation.

Sincerely,
