Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

My concern is on recall R03/NHTSA 14V-373 that is referring to the Wireless Ignition (WIN) Module. My wife operates this Van and it has begun having problems with not starting. As many times we have younger children in this Van I am extremely concerned that the loss of power steering and brakes may cause an accident.

I would appreciate having the part be made available to me ASAP.
