INFORMATION Redacted PURSUANT TO THE FREEDOM OF
INFORMATION ACT (FOIA), 5 U.S.C. 552(B)(6)

Attached are photos of my half brother's new 2015 Chrysler 200 that he had not had for 15 days. He was in the right hand lane and the woman that scraped the driver's side of the car, making a right hand turn from the left lane clipped him while trying to get into the McDonald's parking lot. There is not that much extensive damage to the driver's side of the car but the passenger front tire is totally broken. The pictures are self explanatory
