Here are the photos ref the tires on my Genesis. The car was one year old, had 25515 miles on it. 734, 747, 750 are of the left rear tire. 834 is the exterior of the left rear tire showing there was no flaw evident from the public side of the tire and 859 shows that the right rear tire was getting ready to separate as well.

A Secure DOT Requires Everyone's Vigilance!
