IMPORTANT SAFETY RECALL

P25 / NHTSA 14V-234

This notice applies to your vehicle (VIN: 2A4RR5DG3BR [REDACTED]).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear [REDACTED]

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in some **2010 through 2014 model year Dodge Grand Caravan and Chrysler Town & Country vehicles.**

The problem is... The rear quarter vent window switch on your vehicle may overheat if exposed to liquid moisture. An overheated rear quarter vent window switch may cause a burning odor, smoke, or a driver's door fire without warning.

What your dealer will do... Chrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the rear quarter vent window switch and repair the electrical connector, if required. The work will take about 1/2 hour to complete. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety... Simply contact your Chrysler, Jeep, or Dodge dealer right away to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment. **Please bring this letter with you to your dealer.**

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.chrysler.com/ownersreg.
