Dear Administrator:

In regards of your notice of August 1, 2015 regarding a recall R37/NHTSA15444 I have received a call from the Dodge Dealers on September 3, 2015 that they are unable to remedy this defect.

Questions of Concern:

1. I have received several offers from different Dodge Dealers to buy my vehicle. They want to resell my vehicle do they get the new part? If so "why not me"???
2. Why has it taken five years to inform me of the hazard of the vehicle?
3. I am concerned for my safety and insist on a replacement part as soon as possible.

If you can respond to my questions of concern, please contact me at the above address.

Thanks for your immediate consideration in this matter.

Sincerely,

[REDACTED]
