Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

In July I received a safety recall notice about the airbag front passenger inflator module. I have called every month to check on the parts was told each time the parts haven't come in yet. The air bag light remains on if you drive the car, so we haven't really been able to use the car in the past five months. I would like to know when the parts will be in because I didn't buy it to sit still to look at. I need to use it rather than having to pay a fee everytime I have to go somewhere. I would like to hear from you as soon as possible. It's been a long time.
