To the Administrator of the National
Highway Traffic Safety Administration.

I am writing this note to request
your assistance with the following
issues:

NOV -9 2015

I own a 2004 Mazda Tribute
which is currently not operable
due to what I believe is being
referred to as Subframe Corrosion.

I did take the truck to the Mazda
Dealer, had the front of the truck
serviced for free, due to the recall,
only to have the dealer inform me
that the rear is not covered and
therefore the truck is not repairable.

I am writing to you for assistance
with any action that I may be able
to pursue in regards to reimbursement,
repair, replacement or some measure
of relief.

I am further requesting your assistance
with reimbursement for repair Throttle
Body along with an \$85.00 fee for a ticket that

I received despite having evidence of the repair. I was able to avoid having a speeding ticket, due to the presence of the receipt.

Nonetheless, if you or your agency are so inclined please help. I prefer to receive correspondence in writing.

Thank you in advance,

Amherst, New York
