COLLISION (12/10/2015) DIAGRAM (12/10/2015)

Got them - thank you [REDACTED]. It looks like the crash forces were extremely high, possibly beyond what the seats were designed to withstand without damage but it still protected the baby. It's miraculous all of you weren't injured more severely.

I think we've gone as far as we can at this point, but we'll monitor going forward.

I want to thank you for your help, and for taking the time and expense to get us more information.

Sincerely,  
Larry Hershman
