Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.					

March 25, 2016

U.S. Dept. of Transportation
National Highway Safety Administration
1200 New Jersey Avenue, S.E.
Washington, D.C. 20590-0001

Dear Sir or Madam:

On December 15, 2014, I went to Tom O'Brien Chrysler, in Greenwood, IN, to report that the Fobik for my 2008 Dodge Caravan repeatedly fell out of the ignition, and vehicle would not start approximately 50% of the time. They did not have a replacement Fobik, so they sent me to Fletcher Chrysler, in Franklin, IN, because they had one in stock. Fletcher Chrysler said it was not under warranty, and I would have to pay for the replacement, \$207.28, which I did. (Copy of invoice enclosed.)

In February of 2015 I received a RECALL NOTICE from Chrysler Corp. for the Fobik and repair, to correct the problem. I called Fletcher Chrysler to set up a repair appointment, but they just laughed and said the part had not even been made yet. Several calls were made to Fletcher over the next several months, and I was told each time that the part was still not available. On November 11, 2015 I spoke to the repair department at Fletcher, and was told there was still no part. They said when the part came in he would replace two (2) new Fobiks, and reprogram the one I bought on December 15, 2014.

On December 22, 2015 I was finally able to make a repair appointment with Fletcher Chrysler. When I took the RECALL NOTICE (copies enclosed) to Fletcher, they told me the actual recall was for the Wireless Ignition Node Module. The repair was completed at no charge, and two (2) Fobiks were replaced.

When I called Chrysler Corporation to request a refund for the unnecessary Fobiks, they told me the cost of the Fobik was my responsibility as the recall was actually for the ignition module. Please see copies of the Recall Notices received in February of 2015. I should not have been forced to buy new Fobiks, as the problem was the ignition module. I believe I deserve a refund for the purchase price, \$207.28, but Chrysler says "no". I have offered to send the Fobiks back to them, but they declined. In January I talked with Brenda at Chrysler Customer Service, and she requested a letter from me regarding a refund (copy enclosed). We sent the letter on January 11, 2016. A few days later she called to tell me that the repair was not related to the recall, and there would be no refund.

Any assistance you might provide would be greatly appreciated.

FIAT CHRYSLER AUTOMOBILES

WIRELESS IGNITION NODE MODULE

IMPORTANT SAFETY RECALL

R03 / NHTSA 14V-373

This notice applies to your vehicle (VIN: 1D8HN54P98B [REDACTED]).

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Dear [REDACTED],

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain 2009 and 2010 model year Dodge Journey and 2008 through 2010 model year Dodge Grand Caravan and Chrysler Town & Country vehicles. This safety recall replaces Safety Recall L25. This recall must be performed even if Safety Recall L25 has been previously performed on your vehicle.

The problem is... The Wireless Ignition Node (WIN) Module on your vehicle may have unintentional movement of the Frequency Operated Button Ignition Key (FOBIK) from the "ON" to the "Accessory" position while driving. This could cause unintended engine shut off and increase the risk of a crash.

What your dealer will do... FCA will repair your vehicle free of charge. To do this, your dealer will replace the WIN module and two FOBIK's. The work will take about one hour to complete. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety... Simply contact your Chrysler, Jeep, Dodge or RAM dealer right away to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment. Please bring this letter with you to your dealer.

NOTE: You will receive two new FOBIK's as part of this recall procedure. If you purchased additional FOBIK's in the past, they will also be replaced. Please bring in all FOBIK's to receive an equal number of replacement FOBIK's. FOBIK's that were replaced in the past due to damage will not be exchanged. Depending on FOBIK availability, you may have to return at a future date to receive any additional FOBIK's.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the FCA Group Recall Assistance Center at either recalls.mopar.com or 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. If you have further questions go to recalls.mopar.com.

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online or you can mail your original receipts and proof of payment to the following address for reimbursement consideration: FCA Customer Assistance, P.O. Box 21-8004, Auburn Hills, MI 48321-8007, Attention: Recall Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you've had previous repairs and/or reimbursement you may still need to have the recall repair performed on your vehicle.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or you can call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to safercar.gov.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

Ask your dealer about the following notification(s). Our records indicate that your vehicle also requires repair for notification(s): L25

IMPORTANT SAFETY RECALL

L25 / NHTSA 14V-373

This notice applies to your vehicle (VIN:1D8HN54P98B [REDACTED])

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear [REDACTED]

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in some 2008 through 2010 model year model year Chrysler Town & Country and Dodge Grand Caravan, and some 2009 through 2010 Dodge Journey vehicles.

The problem is... Upon starting your vehicle the Frequency Operated Button Ignition Key (FOBIK), may not fully seat in the "ON" position. If not fully seated, under certain operating conditions (for example bumpy roads) the FOBIK could inadvertently move to the "Accessory" mode. This could cause unintended engine shut off and the passive restraint systems, including the airbags to shut off. This could increase the risk of a crash under certain driving conditions and increase the risk of occupant injury during a crash.

What your dealer will do... Chrysler intends to repair your vehicle free of charge (parts and labor). However, the part required to provide a permanent remedy for this condition is currently not available. Chrysler is making every effort to provide the part as quickly as possible. Chrysler will contact you again by mail, with a follow-up recall notice, when the remedy part is available.

What you must do to ensure your safety... Once you receive your follow-up notice in the mail, simply contact your Chrysler, Jeep or Dodge dealer right away to schedule a service appointment. Until this repair is completed, the vehicle can be driven. However, as a precaution, all drivers are advised to remove all objects from the FOBIK (such as additional keys, key chains, etc.) and ensure that the FOBIK is securely and correctly aligned in the "On" position and not aligned between the "On" and "Accessory" position before driving the vehicle.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.dodge.com/ownersreg.

If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <http://www.safercar.gov>.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.
