Data Quality Department,

As of today Feb. 19, 2016, The Toyota Gulf South Warranty Department along with Team Toyota of Baton Rouge has completed the repair of the brake actuator and has covered the repairs under their extended warranty plan. Therefore, would you please DISREGARD my initial and former complaint with Toyota's warranty violation. The car is so much safer now and stops properly.

Thank you, for your assistance, in this matter,

[REDACTED]
