

Dear

National Highway Traffic Safety Administration

MAR 14 2016

My car burnt up about a year ago. I have been talking to General Motors and they say there is nothing they can do. I don't have the car anymore. Now they have a recall for oil dripping on the exhaust manifold and starting a fire. Is there anything you can do for me.

Thank You

IMPORTANT SAFETY RECALL

February 2016

[REDACTED]
Ottawa, OH [REDACTED]

This notice applies to your vehicle, VIN: 1G2WP52K2XF [REDACTED]

Dear [REDACTED]

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Previously, you were notified that your 1999 model year Pontiac Grand Prix was involved in GM recall 15757. This letter is to inform you that parts are now available to repair your vehicle.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 1999 model year Pontiac Grand Prix vehicles equipped with a 3.8L V6 engine. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM recall 15757.
- Schedule an appointment with your General Motors dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

Drops of engine oil may be deposited on the exhaust manifold through hard braking. This condition could cause an engine compartment fire.

What will we do?

Your General Motors dealer will replace your engine's front valve cover and front-valve-cover gasket with new parts of an improved design. Your engine's plastic "beauty" cover and plastic oil-fill-tube extension will be removed, if they haven't been already. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 35 to 55 minutes, depending on your vehicle's engine configuration.

What should you do?

You should contact your General Motors dealer to arrange a service appointment as soon as possible.

This condition does not affect the safe operation of the vehicle, but it is recommended that the vehicle be parked outside and not in a garage or other structure until it is repaired.

Did you already pay for this repair?

Even though you may have already had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have paid for repairs for the recall condition, and have not previously submitted, please complete the enclosed reimbursement form and present it to your dealer with all required documents. Working with your dealer will expedite your request, however, if this is not convenient, you may mail the completed reimbursement form and all required documents to Reimbursement Department, PO Box 33170, Detroit, MI 48232-5170. The completed form and required documents must be presented to your dealer or received by the Reimbursement Department by February 28, 2017, unless state law specifies a longer reimbursement period.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the Pontiac Customer Assistance Center at 1.800.762.2737 (TTY 1.800.833.7668).

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 15V701.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
