**Additional information to Vehicle's Owners Questionnaire regarding:**

**1995 Ford—Model No. F-150**

**Vin: 1FTEX14N5SK [REDACTED]**

Further, from the statement on the questionnaire "The failure reoccurred"....We would like to add:

Another mechanic was able to stop gas flowing from front tank to rear tank on April 28, 2016. Previously, for several months, it was necessary to siphon gas from rear tank and pour into front tank.

Dealing with these tanks was a safety hazard to the owner, operator, and mechanics involved. We would like to have payment cost of two (2) tanks and appropriate labor for installation. We are requesting recovery of \$693.44, per the two attached invoices.
