Sirs:

My name is [REDACTED]

I own a 1998 Lumina Lt. 2  
Recall # 15757. Vin # 2G1W N52K 9W9 [REDACTED]

I got a recall notice on the  
Lumina Dec. 2015 SAID that when the  
parts were available that they would  
let me know.

ON Feb. 2016 I got another letter  
telling me that the parts were  
available.

I called the dealer where I bought  
the car, was told to bring the car  
in, made appt. to have it checked  
was told they did not have the parts,  
they had to order them. (3-07-16)

I called on 4-18-16. was told that  
the parts were still on order.

I bought the car from:

Frank Shoop.

1470 Cherry Blossom Way # 502-863-3727

Georgetown, Ky 40324 # 800-775-1089

I do have an oil leak and was advised  
not to park in a garage.

Please tell me why the parts are  
not available for this recall this makes  
it 5 mo. long enough OK !!!
