TO WHOM IT MAY CONCERN:

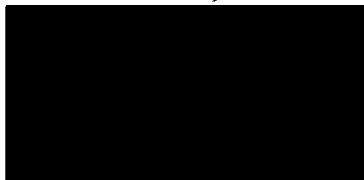

MAY 17 2016

THERE IS A RECALL ON MY 2007 TOYOTA COROLLA FOR THE REPLACEMENT OF THE FRONT PASSENGER AIRBAG. SINCE ALL OF THE AIRBAGS WERE MADE BY TAKATA, WHY ISN'T THE DRIVER'S SIDE AIRBAG BEING REPLACED? FOR ME, IT IS MORE URGENT THAT THE DRIVER'S SIDE AIRBAG BE REPLACED; BECAUSE MOST OF THE TIME I AM ALONE WHEN DRIVING. THERE ARE NO PASSENGERS.

IF THERE IS A WAITING PERIOD FOR THE DRIVER'S SIDE TO BE DONE, CAN THE TOYOTA DEALER DISABLE THE FUNCTION OF THE AIRBAG? IS IT POSSIBLE FOR BOTH OF THEM TO BE DISCONNECTED UNTIL THEY CAN BE REPLACED AT THE SAME TIME?

THIS IS A GREAT CONCERN TO ME, AND I HOPE I WILL HEAR SOMETHING FROM YOU SOON. THANK YOU FOR YOUR TIME AND HELP.

SINCERELY,

ADDRESS:
