RE: [REDACTED]	

Message:

Congressional Liaison,

I am writing you on behalf of my constituent, [REDACTED]

[REDACTED] has been issued a recall on his 2013 Ford Mustang's air bag system. He is concerned because he is unable to drive this vehicle due to the risk. He has also been notified that the part to fix the recall will not be available until the end of this year. [REDACTED] feels that Ford's recall policy must be investigated because he has been unable to fix, drive, or sell his car for the last year and a half due to this recall and lack of parts, which is causing his vehicle to lose value.

If you have questions about this request, you may contact Alex Dallman in my Fond du Lac district office by email at Alex.Dallman@mail.house.gov or at 920-907-0624.

[REDACTED] privacy release and supporting documents are enclosed for your convenience.

Thank you for your time and consideration in this matter.

Sincerely,

Member of Congress
WI 06

Office of Congressman Glenn Grothman

2013 Mustang
Your Vehicle Identification Number (VIN): 1ZVBP8EM3D5 [REDACTED]

In July 2015, Ford Motor Company sent you a letter announcing Safety Recall 15S21 (Driver Airbag Inflator Replacement) on your vehicle, with the VIN shown above. This letter is to inform you that we are expecting the newly designed driver airbag module for your vehicle to become available in the fourth quarter of this year. Ford Motor Company will notify you when the part is available to schedule a repair date with your dealer.

What is the issue? In certain vehicles, the front driver side airbag inflator housing may rupture in a crash necessitating deployment of the driver side frontal airbag. An airbag inflator rupture could result in metal fragments striking the driver or other occupants resulting in serious injury or death.

What if you no longer own this vehicle? If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.
