RE: NHTSA Recall 16 V-061
VIN 5J8TB3H58EL [REDACTED]

Sirs:

The notification of the recall for my Acura SUV, Vehicle Identification Number above described was received and on May 22, 2016 it was placed the claim to Dealer Service Workshop while the SUV had the regular maintenance service. Up to this date the vehicle has not received the part to replace defective one. Upon requesting information, their statement was that there are others waiting for the same and that the parts has not arrived, being placed in waiting list. How long de we have to wait? We are concerned with the safety issues that this defect may imply.

Your prompt attention to this issue is kindly requested.

Cordially:
