Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I have had several incidents weekly of malfunction. There have been incidents of driving on the highway where the car goes to auxillary mode which makes the steering and brakes not work. Several incidents of turning corners and it goes to auxillary mode causing me to almost run into curbs or other vehicles. There have been several incidents to which I'm driving on a 2 lane road with no pull off area and it goes to auxillary mode. Several incidents of happening when in heavy traffic. It is very scary and dangerous.
