RE: [REDACTED]
Vehicle - Ford F350, VIN No. 1FTWW33P75E [REDACTED]

Dear Sir/Madam:

This is a follow up to our August 2016 correspondence, to which we have received no reply.

Our office represents [REDACTED] in regards to an incident sustained while driving a Ford F-350, referenced above.

Please see attached copy of our previous correspondence, color photograph of the vehicle and police report filed, indicating that the incident occurred on Saturday, February 13, 2016, and which provides further details concerning the incident and one search result on a 2005 Ford F-350, which shows an engine problem from a similar product manufactured by the Ford Motor Company and a similar incident of fire. The Miami-Dade Police Dept. narrative indicates that the fire appeared to have started in the engine.

Our client's vehicle sustained a spontaneous fire enveloping the engine, which for all purposes destroyed the vehicle.

We wish for you to investigate this as it presents a clear and present danger to the consuming public.

Please advise the undersigned of any file identification numbers so that we may follow up this matter with you and contact this office should you need any further information.

Yours very cordially,

ANTHONY DIEGUEZ, J.D.
