Dear Sirs

I have a 2001 Mitsubishi Eclipse and according to your record it has 54 Recalls, and according to [REDACTED] I am to contact the Mitsubishi dealership nearest me as soon as I suspect problems, which I did this morning, contacting Ray Skillman Mitsubishi at 1300 Shadeland ave Indianapolis In 317-352-9500 at 11:30 AM.

According to the computer at Ray Skillman my Mitsubishi did not show any records of any recalls on the VIN number, 4A3AC54H91E [REDACTED]

I am most concerned about recalls for exterior lighting, recall number 06E049000 5/4/2006, Recall 04V428000 09/01/2004, Fuel system Recall 01V069000 03/08/2001, AND I THINK THE ENTIRE FUEL SYSTEM NEEDS REPLACED INCLUDING THE TANK WHICH LEAKS GAS, AND HAS MANY WELDING ISSUES, AND I CONCERNED ABOUT RECALL 01V069000 03/08/2001 POWER TRAIN ;AUTOMATIC TRANSMISSION COOLING UNIT AND LINES, RECALL NUMBER 01V011001 01/16/2001 COLLING UNIT AND LINES, ACCORDING TO [REDACTED] the dealer is to replace all parts at no cost to consumers.

I would be happy to hear from Ray Skillman, and I am very interested in knowing why the only recall they have listed is a sun visor on the inside passenger window.

Thank you for your assistance, I can be reached at [REDACTED]

Respectfully
