Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I received a letter from Ford saying the passenger airbag could deploy at any time in a crash & cause metal fragments to strike occupants and cause serious injury or death. Ford cannot tell me when this is expected to be fixed and will not accept the vehicle as a trade in to get a safer vehicle because of the recall. In turn, I am left with an unsafe vehicle for me & my son and no way to remedy the situation. I hope you can help me in getting a safer vehicle to drive
