Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I received the NHTSA-Takata recall on my Toyota Corolla
June 16 2016. Called many times to get new airbags. Always
answered haven't received it yet. I live in the A zone
which puts my car at significant propellant degradation
NOW! I am very nervous whenever we drive it.
(6-9 years) old I want it fixed now but Toyota isn't
responding. As far as I am concerned either I want
them to get it fixed or they can pay for a
loaner car until they get it fixed. Thank-you
