This is a complaint against
the Toyota Recall over the Takata
Air Bags. My car is a 2011 Toyota
Corolla. Vin 2T1BU4EE4AC [REDACTED]

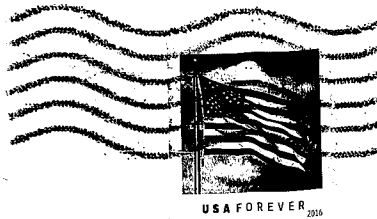

This is a very dangerous Air Bag and
it seems to me that if all car owners
are required to have Air Bags that are
supposed to help save lives, why are
we put into this dangerous situation.
It has been months since the
recall and nothing has been done
to rectify the problem. Zone A
