Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Recall Notice Received July 2016. No Notice of parts available from FORD to correct airbag issue. Notice states the issue with the air bag may cause "serious injury or death"

Safety Recall 16S26 / NHTSA Recall 16V-384

Although the air bag has not failed at this time the Passenger Dash board has a bulge. If this is a defect that could cause serious injury or death why isn't Ford fixing the problem?? The bulge in the dash is likely related. 6 months & FORD has done nothing to correct! This is not acceptable! FORD should have taken steps to correct immediately!!
