Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The airbag fault light has been on since 43k miles.
I have not taken it to dealer because they will charge
\$200.00. I believe this is a recall on Volkswagens.

I currently drive a 2008 Volkswagen GLI. The MKZ and GTI's
have had issues in the past in regards to airbag fault lights.
