[REDACTED]
Hyundai Sonata 2006

9-23-17

My 2006 Hyundai Sonata Visor
comes down while driving - Both
the drivers side & the passengers
side.

My son, [REDACTED] had the same
problem with his Hyundai.
We use an elastic ^{rubber} band for
grips - twist it around the grab
handles on ceiling of car & bring
back to visor it will keep it up.

I find it very difficult to
drive & adjust this technique
If I choose to leave up the
blinding ~~sun~~ while driving
is interfering with my
hands on wheel. I am

concerned this may
be the cause of an accident.

My son no longer has
his Hyundai - his son totally
his car not long ago.
