<p>TL* THE CONTACT OWNS A 2004 JEEP GRAND CHEROKEE. THE CONTACT STATED THAT THE SEAT BELT AND THE AIR BAG WARNING LIGHTS ILLUMINATED. THE VEHICLE WAS SERVICED UNDER NHTSA CAMPAIGN NUMBER: 15V673000 (AIR BAGS) BUT THE REMEDY FAILED TO REPAIR THE VEHICLE. THE CONTACT MENTIONED THAT THE SEAT BELT AND AIR BAG WARNING LIGHTS REMAINED ILLUMINATED AFTER THE RECALL REPAIR. THE CONTACT STATED THAT WHILE DRIVING AT LOW SPEEDS THROUGH A PARKING LOT, SHE SWERVED FROM HITTING A DOG AND CRASHED INTO THE CONCRETE BOTTOM PORTION OF A LIGHT POST. THE AIR BAGS FAILED TO DEPLOY. THE CONTACT SUSTAINED INJURIES TO BOTH SHOULDERS, NECK AND BACK AS WELL AS THE FRONT PASSENGER SUSTAINED INJURIES TO HER NECK AND BOTH SHOULDERS WHICH BOTH NEEDED MEDICAL ATTENTION. NO POLICE REPORT WAS FILED. THE VEHICLE WAS NOT DIAGNOSED OR REPAIRED. THE MANUFACTURER WAS NOT MADE AWARE OF THE FAILURE. THE FAILURE MILEAGE WAS APPROXIMATELY 125,000.</p>					
<p>Include, if available: Police/Fire Department Report, Photos, and Repair Invoice. ATTACH ADDITIONAL SHEETS IF NECESSARY</p>					
<p>The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.</p>					

FIAT CHRYSLER AUTOMOBILES

April 24, 2017

[REDACTED]
Modesto, CA [REDACTED]

Re: Cair: [REDACTED]
VIN: 1J4GX48S94C [REDACTED]

Dear [REDACTED]

This will acknowledge your concern about the accident that occurred involving your 2004 Jeep Grand Cherokee.

Naturally, we were sorry to learn of this incident and the costly damage to your vehicle. At your request, FCA (Fiat Chrysler Automobiles) provided for an independent inspector to examine your vehicle. FCA feels that the expense of this inspection is in the best interest of you, our customer, and the corporation in our efforts to properly evaluate serious concerns such as yours.

The inspection involved a thorough examination of your vehicle and the photographing of all critical areas. Also, a diagnostic scan tool was linked to the air bag computer module in order to determine whether or not any fault codes were present, which would have indicated a condition that would have prevented the air bag from deploying. Also, as you may know, any fault with the air bag system prior to the accident would have caused the air bag light to come on and stay on beyond its normal 7 to 9 second self-check following start-up.

All FCA vehicles must exceed all Federal Motor Vehicle Safety Standards, as well as our own more stringent requirements. As such, the air bag system is thoroughly tested and evaluated for compliance by the National Highway Traffic and Safety Administration.

The conclusion of the investigation is that the rate of deceleration necessary to activate the air bag system was not present during this accident. Complete information regarding the air bag and air bag system may be found in your owner's manual.

Thank you for this opportunity to address your inquiry.

Sincerely,

J. Susalla

OCCUPANT RESTRAINT CONTROL MODULE

IMPORTANT SAFETY RECALL

R60 / NHTSA 15V-673

This notice applies to your vehicle (VIN: 1J4GX48S940 [redacted])

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Dear [redacted]

FCA US LLC has decided that a defect, which relates to motor vehicle safety, exists in certain **2003 model year Jeep Liberty vehicles and 2004 model year Jeep Grand Cherokee vehicles.**

The problem is... The airbag system Occupant Restraint Control (ORC) module on your vehicle may experience a front airbag and/or seatbelt pretensioner inadvertent deployment. An inadvertent deployment while driving could distract the driver and cause a crash without warning.

What your dealer will do... FCA will repair your vehicle free of charge. To do this, your dealer will replace the Occupant Restraint Control module. The work will take about two hours to complete. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety... Simply contact your Chrysler, Jeep, Dodge or RAM dealer right away to schedule a service appointment. Please bring this letter with you to your dealer.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the FCA Group Recall Assistance Center at either fcarecalls.com or 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. If you have further questions go to fcarecalls.com.

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online or you can mail your original receipts and proof of payment to the following address for reimbursement consideration: **FCA Customer Assistance, P.O. Box 21-8004, Auburn Hills, MI 48321-8007, Attention: Recall Reimbursement.** Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you've had previous repairs and/or reimbursement you may still need to have the recall repair performed on your vehicle.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or you can call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to safercar.gov.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

Ask your dealer about the following notification(s). Our records indicate that your vehicle also requires repair for notification(s): N47

Customer Services / Field Operations
FCA US LLC

Note to lessors receiving this recall: Federal regulation requires that you forward this recall notice to the lessee within 10 days.

BY LAW, YOU MAY CHOOSE ANOTHER FACILITY TO PERFORM ANY NEEDED REPAIRS OR ADJUSTMENTS THAT THE SMOG CHECK TEST INDICATE ARE NECESSARY.

*SUPPLIES-A token charge equivalent to 4% of the labor charge is included for supplies used on your vehicle. maximum charge is \$10.00. Applicable supply items are Nuts, Bolts, Washers, Tape, Pins, Aerospray, Shellac, Solvent, Rags, Carburetor Cleaner, Towels, Solder, Battery Cleaner, Wire, Window Sealer, etc. We have found it is not practical to itemize the many miscellaneous supplies and material used on each repair job. To do so would add considerably to our costs and labor charges. A standard charge for supplies and materials is made on each repair order. Experience has shown that our average charge covers the barest minimum of these items, resulting in a savings to our customer.
