Dear Sirs:

Enclosed is a copy of the notice I received about a recall of the driver-side airbags in a 2007 Freightliner Van. I also have a 2005 Van with the same recall. I can't believe that none of the dealers in Wichita, KS can replace the air bags. Wichita is a pretty large city. They told me I would have to go to Okla. City, Kansas City, Dallas, or Omaha to get this done.

I am almost [REDACTED] years old and cannot drive that far for service. This is ridiculous that they can't offer better service for their customers. Please help me with problem.

Dear Freightliner Sprinter Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Vans USA has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2007-2008 Freightliner Sprinter vehicles. Our records indicate that your vehicle is included in the affected population of vehicles. **Remedy parts are now available for your vehicle.**

What is the CONCERN?

Your driver-side airbag is affected by this recall based on the defect decision of TK Holdings, Inc. ("Takata"). Under certain circumstances during a crash that necessitates frontal airbag deployment, the defect in your driver-side airbag inflator may cause the inflator housing to rupture. **A driver-side inflator rupture during deployment could result in metal fragments striking the driver or other occupants, possibly causing serious injury or death.**

What will your DEALER DO?

An authorized Freightliner Sprinter dealer will replace the driver-side airbag module. **This service will be provided free of charge.** While the minimum repair time is approximately 30 minutes, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Freightliner dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. You will not be charged for other service or repairs unless so requested.

What should YOU DO?

To find the most convenient authorized Freightliner dealer from your smartphone, scan the QR code to the left.

Schedule an appointment immediately at your preferred authorized Freightliner Sprinter Dealer. See www.freightlinersprinterusa.com/freightliner/owners-resources/recall for the Dealer Locator. **Please mention you are scheduling an appointment to replace the Takata driver-side airbag module under Recall Campaign #2017030013.** You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.
