To Whom it May Concern,

INFORMATION REDACTED PURSUANT TO THE FREEDOM
OF INFORMATION ACT (FOIA), 5 U.S.C. 552(B)(6)

We purchased this vehicle thinking it would be safe for our family. This is our 5th recall and the last letter said the parts are not even available. I am extremely concerned that this vehicle was even ever put out on the market for sale. Now we are stuck with a car that is taking a lot of our time to fix the problems but also is very dangerous. I hope someone is willing to help us with this problem. We will be contacting our attorney to see what we are entitled to at this time.

Thank You,

NM
