***** IMPORTANT SAFETY RECALL ***
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Safety Recall Notice 16S41 / NHTSA Recall 16V-777
Aviso de Revisión de Seguridad 16S41**

2012 Escape

Your Vehicle Identification Number (VIN): 1FMCU0EGXCH [Redacted]

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, the fuel delivery module may develop a crack in the fuel supply port, which could result in a leak.

What is the risk?

A fuel leak may result in a fuel odor and/or visible fuel on the ground under the fuel tank. A fuel leak in the presence of an ignition source may increase the risk of a fire.

What will Ford and your dealer do?

Parts are now available to repair your vehicle. Ford Motor Company has authorized your dealer to replace the fuel delivery module flange free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do?

Please call your dealer without delay and request a service date for Recall 16S41. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

**What should you do?
(continued)**

Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Your vehicle may be equipped with a diagnostic feature called the Vehicle Health Report which can inform you about all available recalls, as well as other key vehicle health information. Please see <https://owner.ford.com/vehicle-health> for more information.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this recall performed to ensure the correct parts were used.

You may be eligible for a refund of previously paid repairs. Refunds will only be provided for service related to a fuel leak from a cracked fuel delivery module fuel supply port. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer.

Refund requests may also be sent directly to Ford Motor Company. To request your refund from Ford, send the refund request with all required documentation, including your original repair receipt (no photocopies), to Ford Motor Company at P.O. Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to this address may take up to 60 days to process. Your original receipt will be returned to you.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Customer Relationship Center at 1-866-436-7332.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
