

CL-1111510-9103

To: Office of Defect Investigation

From [REDACTED]

Subject: Complaint # 1111510, in regards to GM Recall Number 49151

Date: November 18, 2019

INFORMATION REDACTED PURSUANT TO THE FREEDOM
OF INFORMATION ACT (FOIA), 5 U.S.C. 552(B)(6)

In July of 2016 I received a Safety Recall from GM in regard to my GM Yukon vehicle, VIN # 1GKS2CE00BR [REDACTED]. This is in regard to the Takata defective passenger air bag. I have tried repeatedly to have this addressed with the response being we do not have replacement parts. In June 2019, I was told that GM no longer would replace the defective air bag since they now deemed the part safe, even though the recall is still active with the Government.

I would like an update on my filed complaint and this recall. Thanks for your help.

Sincerely,
[REDACTED]
