Re: My apologies for not contacting
you by E-mail. I'm not computer
literate.

Referring to your correspondence
NHTSA 69 nlm, Ref. no. 11128911,
Consumer Reports listed Honda
Riduo with throttle stick which
posed crash and injury hazards
This is possible a reason
for my 1 Honda Civic '14
accelerating and hitting a pole.
Please do further checking.
Thanks
