Re: NHTSA File 11133343  
Case Number: [REDACTED]  
FTC Ref. No. [REDACTED]

Attn: To Whom It May Concern

I wrote to you back on Oct 2018 in reference to my 2015 VW Jetta ignition switch failure in October of 2018 and repaired at my expense. Since then, the U.S. Department of Transportation (DOT) National Highway Traffic Safety Administration (NHTSA) has issued a recall:

NHTSA Recall ID Number :19V615 Manufacturer :Volkswagen Group of America, Inc.  
Subject :Key May Be Removed When Not In Park

Make	Model	Model Years
VOLKSWAGEN	BEETLE	2012-2019
VOLKSWAGEN	BEETLE CONVERTIBLE	2012-2019
VOLKSWAGEN	GOLF	2015-2016, 2018-2019
VOLKSWAGEN	GOLF SPORTWAGEN	2017-2019
VOLKSWAGEN	GTI	2015-2019
VOLKSWAGEN	JETTA	2011-2018

However, my particular VIN number is not included under this recall. I am unclear why this would be, since it is a 2015 VW Jetta and has had this particular issue. Is VW still in the process of inputting all the VIN Numbers? Has my VIN Number been overlooked? I am asking that my VIN number 3VW2K7AJ8FM [REDACTED] be placed on the recall list so that I maybe reimbursed for the \$806.20 from VW. I believe that this VW was purchased with a faulty ignition switch, and I am seeking assistance in resolving this matter. I have included all documentation of correspondence and repair receipts. Please feel free to reach out to me with any questions at [REDACTED] I look forward to your response.

### Why am I getting this email?

You are receiving this message because you requested to be notified by the National Highway Traffic Safety Administration (NHTSA) if there is a safety recall that may affect your vehicle.

The following may apply to one or more of your vehicles if your vehicle is listed below. Click on the NHTSA Recall ID Number below to read more about the safety issue and the reason for the recall.

To find out if your specific passenger vehicle is included in the recall, use our [VIN Look-up Tool](#).

### What is a recall?

When a manufacturer or the National Highway Traffic Safety Administration (NHTSA) determines that a vehicle creates an unreasonable risk to safety or fails to meet minimum safety standards, the manufacturer is required to fix that vehicle at no cost to the owner. That can be done by repairing it, replacing it, offering a refund (for equipment) or, in rare cases, repurchasing the car.

### What should I do if my vehicle is included in this recall?

If your vehicle is included in this recall, **it is very important that you get it fixed as soon as possible given the potential danger to you and your passengers if it is not addressed.** You should receive a separate letter in the mail from the vehicle manufacturer, notifying you of the recall and explaining when the remedy will be available, whom to contact to repair your vehicle, and to remind you that the repair will be done at no charge to you. If you believe your vehicle is included in the recall, but you do not receive a letter in the mail from the vehicle manufacturer, please call NHTSA's Vehicle Safety Hotline at 1-888-327-4236, or contact your vehicle manufacturer or dealership.

Thank you for your attention to this important safety matter and for your commitment to helping save lives on America's roadways.

Attn: To Whom It May Concern

I am greatly concerned about my 2015 VW Jetta and have sent these concerns to the BBB, GA CPU, and NHTSA. Now I am being referred to you in the above case number.

I have included all documentation sent to the Better Business Bureau of Greater Atlanta, GA State Commissioners Office, and the NHTSA. I firmly believe that VW is aware of this ongoing problem with their ignition switches among other items as outlined in my documentation attached. I am asking for a refund of \$806.20 itemized in the BBB letter attached. I am hoping that you can assist me in obtaining this refund from VW and for all the VW customers that are having to pay for a defective part which VW is not willing to take responsibility for at this time. Please feel free to reach out to me with any questions at [REDACTED] I look forward to your response.

Ref. No. 11133343

Dear [REDACTED]

Thank you for your correspondence concerning your model year (MY) 2015 Volkswagen Jetta. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence. We regret any inconvenience our delay in responding may have caused you.

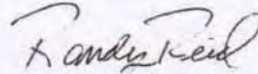

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects in their design, construction, or performance. We also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. We reviewed our database to identify whether a safety defect trend exists with failures of the ignition switch that result in the key getting stuck and inability to turn the engine off in MY 2015 Volkswagen Jetta vehicles. At this time, there is insufficient evidence to warrant opening a safety defect investigation or initiate a recall. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention. For your information, an explanation of NHTSA's investigation and recall process is on our website at [https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls\\_808795.pdf](https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls_808795.pdf).

Unfortunately, your request for a reimbursement does not fall under our jurisdiction. You may consider contacting a local Consumer Protection Agency or a private attorney regarding your problem and rights under the State laws. You may also ask your dealership for a meeting with a Volkswagen district manager regarding your problem. In addition, the Federal Trade Commission (FTC) has jurisdiction over non-safety defects, paint, fraud or deception, warranty and dealership problems, remuneration matters, and fair-trade practices. There are three ways to contact the FTC: by toll free telephone at 877-382-4357; by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at [www.ftccomplaintassistant.gov](http://www.ftccomplaintassistant.gov).

Should you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, we would appreciate it if you would complete an electronic Vehicle Owner's Questionnaire online at [www.nhtsa.gov](http://www.nhtsa.gov) or call the Vehicle Safety Hotline at 888-327-4236. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at our website.

Sincerely,

**What happened?**

The major problem occurred shortly after my 30,000 mile check up, when my key got stuck in the ignition, and I could not turn the car off. I am aware this problem dates back to as early as 2012. I immediately contacted VW Customer Care since I was at approximately 36,400 miles to see if they would assist in replacing this part. In addition, I was charged 153.63 for the diagnosis. Midday on September 21, 2018, I received a call from Customer Care denying my claim completely. I am aware that this is an ongoing problem, and should be under a recall status. I was also informed that VW has UPDATED their ignition switch (replaced with an updated model number) so the replacement part will not cause problems. I feel like this was a ploy to get me to go to the VW Dealership, so they may continue to profit over their past mistakes. I believe I have paid for something that should be covered under a recall or extended warranty. In addition, I had the battery fail at the 36,000 mile mark as well. I feel that I have had more trouble with this new car than any other car I have owned in the past, and I am not really thrilled as a first time VW owner.

To Whom it may Concern:

I am writing in regards to a concern with my VW Jetta Base S Model purchased in February 2015. I have had several issues with my Jetta in the past that started in 2015, and believe I may have purchase a lemon. I am seeking monetary compensation for recent work on this car.

Timeline on car malfunctions:

- February 28, 2015 - Purchased VW Jetta from Union City
- May 20, 2015 - Recall on parts - Work completed - No Charge
- February 19, 2016 - Oil Leak and pipe replaced - No Charge
- September 16, 2018 - Battery Died - Charge 126.95
- September 20, 2018 - Diagnosed with Ignition Switch Housing - Can not get the key out of the ignition - Charge \$153.63
- October 2, 2018 - Repair completed - Charge \$475.62

The major problem occurred shortly after my 30,000 mile check up, when my key got stuck in the ignition, and I could not turn the car off. As a single female who drives through the city of Atlanta on a daily basis, concerns me greatly and is an extreme safety hazard. In addition, I know that this particular part has continuing issues on this model as well as previous models as seen here:

Ignition Switch problem of the 2015 Volkswagen Jetta 8

**Failure Date:** 05/28/2018 – (Internet Post)

I parked at the store and the key got stuck in the ignition while the car is running preventing me from turning the car engine off . When the key gets stuck in the ignition

switch with the engine running preventing you from turning the car engine off. Therefore you can't leave your car to go in the house , store or even to the bathroom. This will allows your car to be attractive to car thieves when you must leave to get help. Needs a recall ASAP.

I am aware this problem dates back to as early as 2012. I immediately contacted VW Customer Care since I was at approximately 36,400 miles to see if they would assist in replacing this part. This was their response:

Re: [REDACTED] vs Volkswagen of America

Dear [REDACTED]

Thank you for contacting the BBB AUTO LINE program. Your claim will be opened once your properly completed *Customer Claim Form (CCF)* is returned to our office.

Please review the information outlined below and follow the instructions.

- \* *Completing Your BBB AUTO LINE Claim* - Please read this document first. It explains what you need to do to help us handle your claim.
- \* *Program Summary* - This document explains the types of claims that may be arbitrated in the BBB AUTO LINE program and the remedies available.
- \* *CCF* - Information we have on file regarding your complaint is recorded on the *CCF*. Please verify the accuracy of the information and make any necessary changes. Please provide the Vehicle Identification Number (VIN).

If you would like to review the programs rules and policies, please visit [www.auto.bbb.org/rules/](http://www.auto.bbb.org/rules/).

We have notified the manufacturer about your contact with us and they may contact you to discuss your case. Please let us know if you reach a settlement so we can record that information in your file.

Once we receive your signed CCF with the VIN, if eligible, we will officially open your case. Within a few days, we will contact you by phone to discuss your case. Our goal is to help you and the manufacturer in reaching a mutually satisfactory resolution to your dispute.

BBB AUTO LINE staff are here to help you. Please call me at (800)955-5100 if you have any questions or if I can be of help.

Sincerely,

Santiago Gonzalez

## Completing your BBB AUTO LINE Claim . . . It's as easy as 1, 2, 3

**1.** Review and sign the **Customer Claim Form (CCF)**. If any information is missing or incorrect, please write the corrections or additions directly on the form. Please print or verify your VIN (Vehicle Identification Number) and lienholder or leasing company information on the bottom of the first page and complete the grid on the second page. You may attach additional sheets if the grid does not provide enough space. Please list *all* of your problems on the grid (do not write "see attached repair orders" instead of listing your problems).

**2.** Make one *clear* **copy** of the following documents, preferably on 8.5" X 11" standard paper:

- Sales Agreement/Purchase Contract** or **Lease Agreement** containing the purchase or lease price, sales tax and other expenses associated with your purchase or lease;
- Current **Vehicle Registration**;
- Work Orders**, including proof of payment if you are seeking reimbursement.
- Any other relevant documents, such as notice(s) sent to the manufacturer, along with any confirmation(s) of receipt (Please do not send photographs or video/audio recordings).

Please do not send originals. We are not able to return documents to you. You may wish to make a complete set of copies for your file before mailing.

Paper clip (do not staple) your documents to the signed **CCF**. Please do not fold your documents.

**IMPORTANT NOTE: We may request your vehicle loan or lease account number for purposes of completing a repurchase or replacement transaction. We will never request your Social Security Number or other sensitive financial information (e.g., bank account numbers). For your security, please redact (black out) any such information from your documents before sending.**

**3.** Mail or fax all your documentation to the address below:

**BBB AUTO LINE

## Claim Successfully Submitted

A request for a BBB claim packet has been submitted.

The claim will first be reviewed to determine if it involves a warrantable defect or non-conformity, you will receive an email confirmation within the next business day with instructions on how to create an online account using the PIN number you provided when filing your claim. Please check your junk or spam folder if you do not see an email in your inbox. The consumer account will have an initial claim packet including the Customer Claim Form (CCF) for printing. You may also upload your supporting documents including:

1. Copies of your repair order;
2. Copies of your current vehicle registration;
3. A copy of your sales or lease agreement; and
4. Any other correspondence or notification letters related to your claim.

A hard-copy of the initial packet will also be mailed to you.

A copy of your complaint may be shared with the automobile manufacturer.

## **BBB AUTO LINE PROGRAM SUMMARY**

### ***Volkswagen – Georgia***

Volkswagen has agreed to arbitrate claims covered by the Georgia Lemon Law. Volkswagen has also agreed to arbitrate certain warranty claims not covered by the lemon law.

#### **LEMON LAW CLAIMS**

A claim seeking relief under the Georgia Lemon Law must meet all standards set out by that law. Please see the attached description of the standards of the Georgia Lemon Law.

If the claim meets all standards set out by the Georgia Lemon Law, the arbitrator will award a refund or replacement vehicle including all remedies specifically provided by that law **excluding** attorney's fees. An arbitrator may not award any penalties or multiple damages. Please see the attached description of the remedies under the Georgia Lemon Law.

Please note:

- ♦ The award will be reduced for the customer's use of the vehicle in accordance with the Georgia Lemon Law. Please see the attached description of the remedies under the Georgia Lemon Law.
- ♦ The arbitrator will decide whether the Georgia Lemon Law permits an adjustment to the award for any trade-in over-allowance or debt from a previous transaction.

#### **WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW**

A claim that does not meet all standards of the Georgia Lemon Law must meet certain conditions. Please see the attached description of "non-lemon law" warranty claims that may be resolved through BBB AUTO LINE.

Claims involving *wear and tear items*\* covered by the Volkswagen Limited New Vehicle Warranty must be received by the BBB within one year or 12,000 miles – whichever comes first – of the date the vehicle was originally placed in service.

All other claims must be received by the BBB within two years or 24,000 miles – whichever comes first – of the date the vehicle was originally placed in service.

---

\* Items replaced for wear and tear such as manual transmission clutch friction material; brake pads worn below manufacturer specs; light bulbs (excluding Halogen headlights and instrument panel bulbs); seat covers; carpeting; and replacement of rubber wiper blade inserts.

## **DEDUCTIONS FROM AWARDS**

A repurchase or replacement award will require payment for any damage to the current vehicle exceeding normal wear and tear, if applicable.

A repurchase award will not include any manufacturer rebate the customer received or used as a downpayment or capitalized cost reduction.

## **CUSTOMER RESPONSIBILITIES**

If a repurchase or replacement is awarded, the customer will be responsible for turning over the vehicle with a current registration and in a similar condition as it was at the time of the hearing. The customer will also be responsible for providing clear title to the vehicle and signing all documents necessary to effect transfer of the title.

## **CLAIMS THAT WILL NOT BE ARBITRATED**

- ◆ Claims involving salvaged or "total loss" vehicles, or vehicles otherwise not covered by a Volkswagen USA Warranty.
- ◆ Claims alleging that an airbag failed to deploy or deployed when it should not have.
- ◆ Claims involving a vehicle defect if the customer alleges – either as part of the BBB AUTO LINE claim or at any other time – that the vehicle defect has caused an accident or fire that resulted in damage to any vehicle or damage to property.
- ◆ Claims involving a vehicle defect if the customer alleges – either as part of the BBB AUTO LINE claim or at any other time – that the vehicle defect has caused bodily injury.
- ◆ Allegations of fraud or other violations of law.
- ◆ Claims covered by insurance or by warranties of other manufacturers.
- ◆ Claims seeking compensation for legal fees or loss of wages.
- ◆ Claims seeking compensation for personal injury or mental anguish.
- ◆ Claims seeking punitive damages.
- ◆ Claims identical to any claim that was resolved by a previous mediation or arbitration, court action, settlement, or agreement between the customer and Volkswagen.

## **OTHER IMPORTANT INFORMATION**

- ◆ The customer must own or lease the vehicle throughout the entire arbitration process.
- ◆ If the customer files suit or a state administrative action against Volkswagen prior to the completion of the arbitration process, Volkswagen will not be obligated to continue with the arbitration.

- ♦ A test drive may be taken in the vehicle only if the customer has liability insurance that satisfies his/her state's minimum requirements.

**The BBB will let the parties know if other restrictions apply.**

# **WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW**

## **Time Period For Filing Claims**

Claims involving *wear and tear items*\* covered by the Volkswagen Limited New Vehicle Warranty must be received by the BBB within one year or 12,000 miles – whichever comes first – of the date the vehicle was originally placed in service.

All other claims must be received by the BBB within two years or 24,000 miles – whichever comes first – of the date the vehicle was originally placed in service.

## **Eligible Claims**

Claims must allege a defect in material or workmanship covered by the Volkswagen Limited New Vehicle Warranty.

Unless the customer is seeking reimbursement for past repairs, the vehicle must have a current defect.

## **Eligible Vehicles**

The customer's vehicle must be:

- ◆ Owned or leased in the name of an individual; or
- ◆ Used primarily for personal, family or household purposes.

## **Remedies For Warranty Claims**

The arbitrator may award the following remedies:

- ◆ Repairs.
- ◆ Reimbursement for money the customer paid to repair the vehicle pursuant to the terms of the Volkswagen Limited New Vehicle Warranty.
- ◆ Reimbursement for reasonably incurred towing costs and car rental costs – excluding car rental costs incurred for same day service.
- ◆ Repurchase of the vehicle.
- ◆ Replacement of the vehicle if it was purchased or leased new.

## **Repairs/Reimbursement For Repairs**

The arbitrator may award repairs to, or reimbursement for money paid for the repair of, defects in material or workmanship. If repairs are awarded, the arbitrator may not order a change in the vehicle's options or its design.

---

\* Items replaced for wear and tear such as manual transmission clutch friction material; brake pads worn below manufacturer specs; light bulbs (excluding Halogen headlights and instrument panel bulbs); seat covers; carpeting; and replacement of rubber wiper blade inserts.

## **SUMMARY OF THE GEORGIA LEMON LAW**

The following is a brief explanation of most relevant provisions of the Georgia Lemon Law, codified at Georgia Code Section 10-1-780 *et seq.*

### **VEHICLES COVERED**

The Georgia Lemon Law covers a new motor vehicle that was leased or purchased in Georgia or registered in Georgia by the original consumer. This includes a demonstrator vehicle and the self-propelled vehicle and chassis of a motor home. It does not include motorcycles, golf carts, trucks with a G.V.W. rating greater than 12,000 pounds, or vehicles that are bought used.

### **CONSUMERS COVERED**

The Georgia Lemon Law covers a consumer who purchases or leases a new motor vehicle for personal, family, or household purposes. It also covers a business that purchases or leases no more than ten new motor vehicles a year for business purposes other than providing limousine rental services.

### **PROBLEMS COVERED**

The Lemon Law covers vehicle nonconformities. A nonconformity is a defect, **serious safety defect**, or condition that substantially impairs the use, value, or safety of a new motor vehicle to the consumer, or renders the new motor vehicle nonconforming to a **warranty**. A nonconformity does not include a defect, a serious safety defect, or a condition that is the result of abuse, neglect, or unauthorized modification or alteration of the new motor vehicle.

“Serious safety defect” means a life-threatening defect or a malfunction that impedes the consumer’s ability to control or operate the motor vehicle for ordinary use or reasonable intended purposes or creates a risk of fire or explosion.

“Warranty” means any manufacturer’s express warranty or any affirmation of fact or promise made by the manufacturer in connection with the sale of a new motor vehicle to a consumer concerning the vehicle’s materials, workmanship, operation, or performance which becomes part of the basis of the bargain. The term shall not include any extended coverage purchased by the consumer as a separate item or any statements made by the dealer in connection with the sale of the motor vehicle to a consumer which relate to the nature of the material or workmanship and affirm or promise that such material or workmanship is free of defects or will meet a specified level of performance.

## Repurchase Or Replacement

If a repurchase or replacement is awarded in a claim that does not meet all standards of the Georgia Lemon Law, the arbitrator may award up to the following remedies:

- ◆ **Owned vehicle repurchase** – The actual amount paid for the vehicle. This will not include taxes, fees, and finance charges.
- ◆ **Leased vehicle repurchase** – To the lessor: pay-off amount pursuant to the lease. To the lessee: any trade-in allowance/downpayment and all base monthly payments actually paid, excluding all collateral charges (e.g., taxes, fees, and finance/lease charges).
- ◆ **Replacement of a vehicle purchased or leased new** – The customer will receive a vehicle that is substantially identical to the current vehicle (not including modifications or additions after the vehicle's purchase/lease). The Manufacturer's Suggested Retail Price (M.S.R.P.) of the replacement vehicle may not exceed 105% of the M.S.R.P. of the current vehicle. If the replacement vehicle is new, the customer will also be required to pay for the current vehicle's use as set out in the "Use Deduction/Payment" provision below.

**Important:** Replacement is not an available remedy if the current customer purchased or leased a used vehicle.

## Deductions/Exclusions From A Repurchase Or Replacement Award

- ◆ The repurchase award will be reduced, or the replacement award will require payment, for the customer's use of the vehicle in accordance with the following formula:

$$\begin{array}{l} \text{Use} \\ \text{Deduction/} \\ \text{Payment} \end{array} = \frac{\text{\# miles attributable to the customer}}{100,000} \times \begin{array}{l} \text{Vehicle purchase} \\ \text{price or gross} \\ \text{capitalized cost} \end{array}$$

- ◆ The award will be reduced or require payment for damage to the vehicle exceeding normal wear and tear.
- ◆ The award will not include debt from a previous transaction.
- ◆ The award will not include any manufacturer rebate the customer received or used as a downpayment or capitalized cost reduction.

## REPORT AND REPAIR OF NONCONFORMITIES

Nonconformities must be reported during the **lemon law rights period**, which is the period ending two years after the date of the original delivery of a new motor vehicle to a consumer OR the first 24,000 miles of operation after delivery of a new motor vehicle to a consumer, whichever occurs first.

If a consumer reports a nonconformity during the lemon law rights period, the manufacturer, its authorized agent or dealer must be allowed a **reasonable number of attempts** to repair and correct the nonconformity.

## REASONABLE NUMBER OF REPAIR ATTEMPTS

A reasonable number of attempts shall be deemed to have been undertaken by the manufacturer, its authorized agent or the dealer if, during the lemon law rights period:

1. A serious safety defect has been subject to repair one time and has not been corrected;
2. The same nonconformity that is not a serious safety defect has been subject to repair three times and has not been corrected; or
3. The vehicle is out of service by reason of repair of one or more nonconformities for a cumulative total of 30 days.

If the lemon law rights period should expire while the vehicle is being repaired, the lemon law rights period is extended until that repair attempt has been completed.

“Repair attempt” means the replacement of a component or some adjustment made to correct a nonconformity. An examination of a reported nonconformity, without any adjustment or component replacement, may constitute a repair attempt if it is later shown that repair work was justified. An examination or repair performed by any person not authorized by the manufacturer or its authorized agent is not considered a repair attempt. If the new motor vehicle is a motor home and the consumer goes to a repair facility for repair of a nonconformity while traveling, and that facility does not have the necessary part(s) to perform the repair, and the consumer elects to continue traveling and seek repair of the nonconformity at another repair facility rather than wait for the initial facility to get the part(s), then the visit to the initial repair facility does not constitute a repair attempt.

An “out of service” day means any day, including weekends and legal holidays, when a vehicle is left at a repair facility of the manufacturer’s agent or dealer for examination or repair of a nonconformity. The number of out of service days for each visit commences the day the vehicle is brought to the facility for that repair work and ends the day the work is completed. Out of service days do not include (1) any day a vehicle is dropped off at the repair facility after close of business; or (2) any day on which the vehicle is left at the repair facility exclusively for routine maintenance; for repair of problems not

Georgia Lemon Law

found to be nonconformities; or for repair of nonconformities after the expiration of the lemon law rights period.

### **MANUFACTURER'S RIGHT TO FINAL OPPORTUNITY TO REPAIR**

If the manufacturer, its agent, or the new motor vehicle dealer is unable to repair and correct a serious safety defect or the same nonconformity after a **reasonable number of attempts** (as described on page 11), the consumer must notify the manufacturer and allow a final opportunity to repair. (The requirement for a final opportunity to repair does not apply if the vehicle was out of service by reason of repair of one or more nonconformities for a cumulative total of 30 days within the lemon law rights period.)

This notice must be sent by *certified mail*, return receipt requested, or by *statutory overnight delivery* to the address provided by the manufacturer and must include relevant information about the vehicle, the nonconformity, and the previous repair attempts. The manufacturer is then entitled to a final repair attempt, as long as the manufacturer notifies the consumer of a reasonably accessible repair facility within 7 days of receiving the consumer's notice. The manufacturer must complete the final repair attempt within 28 days after receiving the consumer's notice.

However, if the consumer delivers the vehicle to the repair facility more than 14 days after the manufacturer received the consumer's notice, the 28 day period is extended and the manufacturer has 14 days from the date the consumer delivers the vehicle to the repair facility to complete the final repair attempt.

If the manufacturer fails to notify the consumer or complete the final repair within the time periods prescribed above, the final opportunity to repair requirement shall not apply.

Notice sufficiently complies with "statutory overnight delivery" if (1) the notice is delivered through the United States Postal Service (USPS) or through a commercial firm regularly engaged in the business of document and/or package delivery; (2) the document is to be delivered not later than the **next business day** following the day on which it is received for delivery by USPS or the commercial firm; and (3) the sender receives a receipt, signed by the addressee or its agent, acknowledging receipt of the document.

### **MANUFACTURER'S OBLIGATION TO REPURCHASE OR REPLACE**

If the nonconformity is not corrected after the final opportunity to repair, or if the vehicle was out of service by reason of repair to any nonconformities for a cumulative total of 30 days within the lemon law rights period, the consumer must request, by *certified mail*, return receipt requested, or *statutory overnight delivery* that the manufacturer either replace or repurchase the vehicle. The manufacturer must, within 20 days of receipt of this last request, replace or repurchase the vehicle.

## DISPUTE RESOLUTION

If the manufacturer participates in an informal dispute resolution mechanism that has been certified by the Georgia Lemon Law Administration, then a consumer must submit a dispute under the Lemon Law to the informal dispute resolution procedure before submitting it to the Georgia new motor vehicle arbitration panel. A consumer must exhaust any certified informal dispute resolution procedure and the Georgia new motor vehicle arbitration panel remedy before filing any superior court action. The consumer has the option of either accepting or rejecting the decision of an informal dispute resolution mechanism.

If a decision is not rendered by the informal dispute mechanism **within forty (40) days of filing**, the consumer will become eligible to apply for arbitration by the Georgia new motor vehicle arbitration panel.

## PERIOD FOR FILING CLAIMS

A consumer must file a claim with a certified informal dispute resolution mechanism within **one year after the expiration of the lemon law rights period**.

A consumer who rejects the decision or determination of a certified informal dispute resolution mechanism may request a hearing with the state-administered panel by requesting, completing, and submitting forms to the Georgia Lemon Law Administration, within **sixty (60) days** from the date the certified mechanism concludes its proceedings or within **one year after expiration of the lemon law rights period**, whichever occurs later. To request a state arbitration application, please call (404) 651-8600 or (800) 869-1123, or visit [www.consumer.georgia.gov](http://www.consumer.georgia.gov).

# REMEDIES UNDER THE GEORGIA LEMON LAW

## REPURCHASE OF AN OWNED VEHICLE

The Georgia Lemon Law sets out the following amounts that a manufacturer must pay when it repurchases an owned vehicle under the Lemon Law:

1. *Purchase price.* This means the cash price of the vehicle appearing in the sales agreement, including any reasonable allowance for a trade-in vehicle
2. *Collateral charges.* Collateral charges are those charges incurred by a consumer as a result of the purchase of the vehicle. Collateral charges include but are not limited to:
  - Sales tax;
  - Title charges;
  - Factory or dealer installed options; and
  - Earned finance charges
3. *Incidental costs.* Incidental costs are any reasonable expenses incurred by the consumer in connection with the repair of the vehicle, including but not limited to:
  - Payments to dealers for attempted repairs of nonconformities;
  - Towing charges; and
  - Costs of obtaining alternative transportation.
4. *Reasonable offset for use.* A reasonable offset for the consumer's use is subtracted from the amounts paid to the consumer. The Lemon Law provides that the reasonable offset for use is computed using the following formula:

$$\text{reasonable offset} = \frac{\text{\#miles directly attributable to use by consumer before consumer first delivered vehicle for repair of nonconformity}}{120,000 \text{ (90,000 for motor home)}} \times \text{vehicle's purchase price}$$

Refunds under this provision will be made to the consumer and to the lien holder of record, if applicable.

## REPLACEMENT OF AN OWNED VEHICLE

If a manufacturer replaces an owned vehicle under the Georgia Lemon Law, it must give the consumer a new motor vehicle that is identical or at least equivalent to the motor vehicle to be replaced, as the vehicle to be replaced existed at the time of purchase. In addition to replacing the vehicle, the manufacturer must pay the consumer for:

Georgia Lemon Law

1. *Incidental costs.* Incidental costs are any reasonable expenses incurred by the consumer in connection with the repair of the vehicle, including but not limited to:
  - Payments to dealers for attempted repairs of nonconformities;
  - Towing charges; and
  - Costs of obtaining alternative transportation.
2. *Charges.* All charges that the consumer will incur as a result of the replacement transaction.

**REPURCHASE OF A LEASED VEHICLE**

For repurchase of a leased vehicle, the Georgia Lemon Law requires that the manufacturer pay certain amounts to the lessor and to the lessee. A repurchase award will consist of the following amounts that the manufacturer must pay to the lessee and the lessor:

To the lessee:

1. *Lessee cost.* An amount equal to all payments made by the lessee under the lease agreement, including but not limited to, the aggregate payment made at the inception of the lease agreement or contract, inclusive of any allowance for a trade-in vehicle, and all other lease payments made by or on behalf of the lessee.
2. *Incidental costs.* Incidental costs are any reasonable expenses incurred by the consumer in connection with the repair of the vehicle, including but not limited to:
  - Payments to dealers for attempted repair of nonconformities;
  - Towing charges; and
  - Costs of obtaining alternative transportation.
3. *Reasonable offset for use.* A reasonable offset for the lessee's use of the nonconforming vehicle is subtracted from the amounts paid to the lessee. The Georgia Lemon Law provides that the reasonable offset for use is computed using the following formula:

$$\begin{array}{rcl}
 \text{reasonable} & \text{\#miles directly attributable to use by} & \text{agreed upon} \\
 \text{offset} = & \text{consumer before consumer first delivered} & \text{value of vehicle} \\
 & \text{vehicle for repair of nonconformity} & \text{shown in lease} \\
 & \text{-----} & \text{agreement} \\
 & \text{120,000 (90,000 for motor home)} &
 \end{array}$$

To the lessor:

1. An amount equal to 110 percent of the adjusted capitalized cost shown in the lease agreement for the nonconforming vehicle.

This information is not intended as legal advice.  
 Please direct specific questions to the Georgia Department of Law, Consumer Protection Unit  
 © 2017, Council of Better Business Bureaus, Inc.

After the manufacturer pays the amount to the lessor, and after the lessee pays the lessor any past due payments, the lease agreement is terminated, with no penalty for early termination.

## **REPLACEMENT OF A LEASED VEHICLE**

If a manufacturer replaces a leased vehicle, the Georgia Lemon Law requires the manufacturer to give the lessee a new motor vehicle that is identical or at least equivalent to the motor vehicle to be replaced, as that vehicle existed at time it was leased. All terms of the existing lease contract will remain in effect, except for the terms of the agreement that identified the vehicle. In addition to replacing the vehicle, the manufacturer must pay the lessor and/or the lessee for certain *charges and incidental costs* as defined below:

1. *Charges*. All charges that **either the lessor or the lessee, or both**, will incur as a result of the replacement transaction.
2. *Incidental costs*. Incidental costs are any reasonable expenses incurred **by the lessee** in connection with the repair of the vehicle, including but not limited to:
  - Payments to dealers for attempted repairs of nonconformities;
  - Towing charges; and
  - Costs of obtaining alternative transportation.

I agree and fully understand that my motor vehicle had a low oil level when I brought it to Walmart for an oil change. This was pointed out to me that I willingly requested Wal-Mart to change the oil. I will not hold Wal-Mart responsible for any damage to my motor vehicle by the low oil level.
