Ref. No. 11133343

Dear [REDACTED]

Thank you for your correspondence concerning your model year (MY) 2015 Volkswagen Jetta. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence. We regret any inconvenience our delay in responding may have caused you.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects in their design, construction, or performance. We also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. We reviewed our database to identify whether a safety defect trend exists with failures of the ignition switch that result in the key getting stuck and inability to turn the engine off in MY 2015 Volkswagen Jetta vehicles. At this time, there is insufficient evidence to warrant opening a safety defect investigation or initiate a recall. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention. For your information, an explanation of NHTSA's investigation and recall process is on our website at https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls_808795.pdf.

Unfortunately, your request for a reimbursement does not fall under our jurisdiction. You may consider contacting a local Consumer Protection Agency or a private attorney regarding your problem and rights under the State laws. You may also ask your dealership for a meeting with a Volkswagen district manager regarding your problem. In addition, the Federal Trade Commission (FTC) has jurisdiction over non-safety defects, paint, fraud or deception, warranty and dealership problems, remuneration matters, and fair-trade practices. There are three ways to contact the FTC: by toll free telephone at 877-382-4357; by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at www.ftccomplaintassistant.gov.

Should you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, we would appreciate it if you would complete an electronic Vehicle Owner's Questionnaire online at www.nhtsa.gov or call the Vehicle Safety Hotline at 888-327-4236. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at our website.

Sincerely,

A handwritten signature in cursive script that reads "Randy Reid".

Randy Reid, Chief
