INTERIM NOTICE

We are currently preparing the final remedy. We will notify you again when the remedy is available.

This notice applies to your vehicle:
VIN JTDMK3DU6B

IMPORTANT SAFETY RECALL (Interim Notice)

Certain 2010-2014 Model Year Prius
Certain 2012-2014 Model Year Prius V
Hybrid System Software Update
NHTSA RECALL NO. 18V-684

Dear

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Toyota has decided that a defect, which relates to motor vehicle safety, exists in certain 2010-2014 model year Prius and certain 2010-2014 Prius V vehicles.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

What is the condition?

The involved vehicles were designed to enter a failsafe driving mode in response to certain hybrid system faults. Toyota has found that the vehicle may not enter a failsafe driving mode as intended. If this occurs, the vehicle could lose power and stall. While power steering and braking would remain operational, a vehicle stall could increase the risk of a crash.

This recall remedy, when available, will address a new condition in the vehicles involved in previous Safety Recalls EOE & FOR. The previous recalls EOE & FOR did not anticipate the new condition remedied with this recall.

What will Toyota do?

Toyota is currently preparing the remedy for this condition. When the remedy becomes available, dealers will perform a software update for the hybrid system **FREE OF CHARGE**. For customer satisfaction, if the vehicle has experienced an inverter failure with certain hybrid system faults related to this condition, the inverter assembly will be repaired or replaced **FREE OF CHARGE**.

NOTE: This vehicle was involved in a previous Safety Recall that involved a software update to the motor generator

What Should You Do?

We appreciate your patience while we prepare the remedy.

You will receive a second owner notification when the remedy is available.

Your local Toyota dealer will be more than happy to answer any of your questions.
