CL-11231317-4164

To: Whom it May Concern:

I, [REDACTED], purchased a second hand,  
2012 Model Malibu, Vin # 1G12D5EUXC [REDACTED].  
The ID # for this recall 14V252. My opinion of  
this Automobile should never have made it into the  
Public. Someone is not doing their job. I am not  
that old but this Vehicle is the most dangerous  
Automobile I have ever been in, in my life. It's a  
shame because it is a pretty Car.

Danville Chevrolet tried to fix Malfunction in the electrical  
system but unsuccessfully failed.

This recall has not fixed this problem successfully in  
this Vehicle.

Lights on dash are dimming off + on.  
Auto gear shift is not traveling smoothly  
Brake lights come on sometime + sometime they don't.  
I think the population of people that have one of  
these Vehicles should have a total refund + an apology.  
An Insurance Co. should not insure one of these  
Vehicles. I pray no one gets killed in one of them.

Sincerely,  
[REDACTED]

P.S: I would not put a police dept. in one of these Vehicles;  
as if they don't have a hard enough time;
