INFORMATION REDACTED PURSUANT TO THE FREEDOM OF INFORMATION ACT (FOIA), 5 U.S.C. 552(B)(6)

Who You Are: Consumer

Incident Description: I received a head injury from a parked vehicle's overhead console. The head injury required the response of an ambulance due to blood loss. Also required use of surgical glue under the car of a DR to close the wound.

Center console overhead compartment is very sharp on its edge and can inflict substantial injury.

In my case the sliding door was open and when I leaned in to the vehicle slightly and the top of my head came into contact with the open door of the overhead compartment. The edge of the compartment caused a very deep head wound.
