Subject: coachmen 21rs camper problems

Per your email. My address is Wausau WI. I am the Original Owner. The Vin 1ha6 gucg 6jn [REDACTED]. It is a chev 4500 express. The 2018 chev 4500 is the problem the springs are not heavy enough and it lays on the stops and is unsafe to drive. I did call GM and got no help. I did not call coachmen because they did not have anything to do with the problem GM did. They need to fix it. [REDACTED]
