Hello,

Tried to report a problem using your button but it didnt work.

I am contacting you regarding stress cracks on a Bal/NORCO frame that is on my 2019 Winnebago Minnie 2200ss camper with 10,000 miles on it. I bought it new, have never run over a curb with it. This problem is all over the internet, would think there would be enough complaints to require a recall. I have attached 2 photos, one of each side. If you should need any other info, please feel free to contact me. Thank you.

Regards,
