Sent from my iPhone Hello,

This is [REDACTED] I recently filed a complaint against Harley Davidson Motorcycle. I have in my possession the ABS module that failed on my motorcycle. I would like to ship it to wherever so your investigators could determine why it fails in such an unsafe way. My dealership replaced my failed ABS module with the exact same P/N module. I fear the same failure happening to me again and killing me this time. Please respond with an address to send this ABS module to.

Thank you
