CAUTION: This email originated from outside of the Department of Transportation (DOT). Do not click on links or open attachments unless you recognize the sender and know the content is safe.

The only thing on there that is not correct is the phone number.

I tried to change it and resend the way email instructed but it wouldn't let me send it.

Those lights are still going on and off, I document it as often as as can.

According to the trucks history its had something done to it 4 times already.
