Complaint issue 11363266.

Hi,

I posted on a few RV web forums regarding my issue.

It appears the Primetime Crusader 295rst has the identical safety issue in multiple years. They even have a recommended repair for the problem. Unfortunately they are hiding behind a 12 month warranty and not extending the recommended repair for an issue that others have brought forward. . My unit is a 2016.

I do not believe a safety issue is defended by the out of warranty. They need to address their design issues before a catastrophic tire failure caused by the design causes harm to someone.

I forwarded the following info to Prime Time.

Please let e know what additional information might get this moving.

Hi Wendy,

The more one posts the more comes out of the woodwork.

Take a look at this on a 2017 295rst. Same identical problem

And this:

Multiple years multiple failures.

And then look at your own documentation on the fix

Please forward this up the chain at Prime Time as I really don't desire to publicize your issues any more.

I'd like to get my trailer fixed so it is safe.
